

The beautiful island of GOZO, situated to the north of its big sister Malta, has much to offer. It goes without saying that its position in the middle of the Mediterranean gives it excellent weather all year round, with mild winters and long hot summers. Combine this with a green landscape, a myriad of beaches, idyllic rocky coves, the clear blue sea and the serenity of an island steeped in history and you have just part of the GOZO magic.

The warm coastal waters are ideal for all sorts of activities. Whether swimming, water-skiing, snorkelling, windsurfing or perhaps scuba diving - GOZO is regarded as one of the best sites in the world incidentally - there is so much to choose from. If you are less energetic you can enjoy one of the many boat trips available or simply laze in cooling sea breezes enjoying the Mediterranean sun.

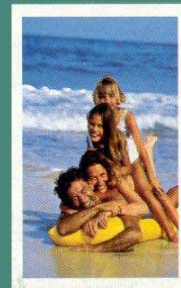

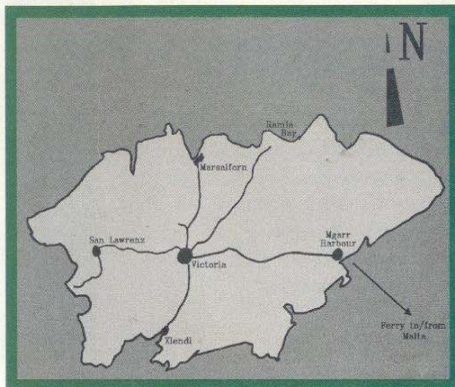

To see more of GOZO you can hire a car, use the friendly and efficient bus service, horse-ride or enjoy one of the many country walks. Travel inland and you will find areas that have seemingly been unchanged by the passage of time - farmers still using donkey-drawn carts as a means of transport and selling freshly grown produce by the roadside; villagers weaving lace on their doorsteps and selling genuine handmade Arun woollen gifts on stalls in local markets...

The architecture in GOZO is a fascinating mirror of the island and its peoples' history and religion. From some of the oldest dated prehistoric monuments to the fascinating capital of Victoria, with its magnificent fortifications giving splendid views all over the island.

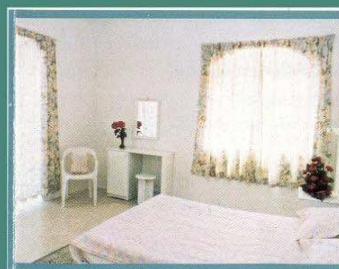

To contrast this, all over GOZO, you will find a host of charming eating places, cafe's and bars. The fishing villages of Xlendi and Marsalforn are particularly attractive with their quaint waterfront restaurants serving all types of international cuisine, including many mouthwatering local delights and delicacies. For the young at heart, there is plenty of nightlife, with an assortment of lively discos and fun pubs to keep you going into the small hours!

GOZO ..... the Mediterranean island that combines the peace and charm of the past with the sea, sun and fun of today.
